

The Starke County Amateur Radio Club January 20, 2022 meeting was called to order at 6:05 pm.

We had 5 members present.

**W3ML, N9QYK, KC8PKY, KC8OBH, WB9CAO**

**Old business:**

Still need a meeting place where we can go back to the 7:00 pm meeting time.

**New Business:**

John, W3ML presented in the treasurer's report that we have \$1857.52. He said the website plan renewal was made in November. It was \$156.67.

David, KC8OBH, talked about ARES and how Marshall County is now starting up an ARES group.

John said that the internet fees keep rising. He is going to check into another place where they used to have free web pages. Or at least find some place cheaper than what we have now before the next renewal.

David, KC8OBH said he would do some checking on how to get use of one of the rooms in the community center for our meetings. John, W3ML said since we are a non-profit and don't have money for renting a place, we should qualify to use the place.

Levi, WB9CAO brought in a video on Lighting and Light Bulbs. The video was about a man's obsession with collecting light bulbs from all time periods. He even went as far as Russia to buy a light bulb. He has paid up to five-figures for a bulb. He is hoping that someday his collection will end up in a museum.

He does have very large collection. Thanks Levi for bringing this in for us to see. It was quite interesting.

Dues are still \$12.00 a year.

Meeting was adjourned at 6:50 pm.

Respectfully submitted,

John, W3ML Secretary

*John Poindexter, W3ML*
