

The June meeting of the Starke County Amateur Radio Club was called to order at 7:01 p.m. on the 16th. There were 15 members and 1 guest present.

Officer's reports were given as follows:

Randy, VP was acting President tonight in Tony, W9AL's absence. He informed us of the following:

Treasurer report from Janet was read and revealed we have a balance as of May 2011 of \$952.84.

Note: We took in tonight \$22.00 from the raffle and dues from a new member.

John, Secretary said that the minutes posted from the last meeting, had one mistake and that is the testing will be held on Saturday at 12 noon not on the Sunday as report last month.

Old Business:

Randy reported that the radios were set for Field Day. Breakfast will be at 8:00 am at the Kountry Kettle restaurant on Highway 35.

The demonstration is still scheduled for the 4th of July celebration to be held at the airport. He wanted to know who all was attending. They were to see him.

Other announcements were: Radioville 9/27; Picnic 8/28

He called on Don KC9QFS for a field day report. Don said that Hugh would not be attending and Tony said they would bring the club's radio out to make up for the loss of Hugh's. He also said he had list and if people wanted to check it to see what we still needed for them to do so.

We will meet at the park about 9:30 for those not attending the breakfast.

Randy asked if anyone knew whether the announcements went out to the papers, TV and radio stations? No one knew anything about it.

John said that if they wanted to get the 100 point bonus for contacting the Section Manager that they will need to send him a NTS formatted message.

There was no new business.

Programs:

James, KC9KTV presented the last film of making an antenna out of an old TV antenna.

Levi had a show and tell on antenna center insulators.

One new member joined: Dan Craft, no call yet.
The meeting was adjourned at 8:34 pm.
