

The Starke County Amateur Radio Club June 16, 2022 meeting was called to order at 7:08 pm. at the new meeting location: Knox Community Center.

We had 7 members and 1 guest present.

**W3ML, N9QYK, WB9CAO, W9QN, KC8OBH, KC8PKY, K9BZM. Ray Tolson was our guest.**

**Old business:**

John brought in the listing of Hams located in Starke County. Members went through them marking who still existed and lived in the county.

**New Business:**

David, KC8OBH spoke about Dayton hamfest and the radio that was talked about in the one of the forums he attended.

He also told about the last Fox Hunt and how the Fox was out of the range of being picked up here in Knox. They had to call him to find out what direction to head in order to hear the fox.

Our guest Ray Tolson spoke about his experience in the military, where he learned about using Morse Code and what he did with it. He never used it to become a ham operator though.

**Presentations:**

Two boys and the Arctic Base Stations being built was the video shown. The two boys used ham radio to pass messages back and forth from the people building the buildings that were to become the Arctic Stations.

Meeting was adjourned at 8:40 pm.

Respectfully submitted,

John, W3ML Secretary

*John Poindexter, W3ML*
