Fox hunts have been suspended for now; we will start up again in February and we will continue until next October with a point system to be awarded for each team/member participating in the fox hunt. Whitley and Allen County clubs want to have a multiple county fox hunt next year. We will have more information to be discussed at a later date.

Tony will let everyone know when the Extra class will begin in January, next year. In January there will be club auction instead of a raffle on January 21<sup>st</sup>. If you have items that you want to donate for the club's auction bring it to the meeting. If it doesn't sell you bring it back home or donate it to the club.

Field day 2010 was mentioned and Joseph KC9NFD volunteered to be one of committee chairman for field day. Thanks Joseph.

Nominations for our club's officers for the year of 2010 were held and no one was nominated. Nancy KC9JQS made a motion so that the club has officers; she nominated the existing officers to be voted as next year's officers. Motion passed and members voted. Unanimously, the motion passed. The current officers are next year's officers, they are:

Congrats to all officers.
