

SCARC March meeting

The meeting started at 7 pm with the pledge and introduction, we had 2 visitors in attendance. Officer reports were given and we started with old business. Joe Oliver will do his presentation next month. We talked about Mike WB9L being home and that the club sent him balloons when he was in the hospital. We also mentioned the Foxhunt, Peru Hamfest April 21 and Field Day in this section of the meeting.

New business consisted of the club project needing more parts, so Chester KA9FAW is going to get a parts list for the group, and then we can get the parts needed.

We also talked about the INQSO contest and had a power point presentation about it.

Don WA9KRT mentioned the VHF contest in June and he will be working from Kentucky for the contest. The meeting end at 8:37.
